Fundraising At Home during COVID-19

Get creative

Design something artsy to sell to friends, family or even complete strangers online to raise those vital funds.

Give something up

Are you a chocoholic? Do you have something you do everyday? Give something up! Get sponsored and see how long you can live without something you love!

Year Long Challenge

Fundraising doesn't have to be one idea or one challenge. Spend the year fundraising for us with the support of your incredible local community fundraiser. Raise £500 and you can get a personalised disk on our giving tree or raise £5,000 and sponsor a room in your local house!

Hair Challenge

Shave it off, dye it or grow it and get sponsored. The wackier the better!

Organise a raffle

Ask local businesses or friends and family to donate prizes then sell tickets online or in person!

Jars for good

Swear jars can be really good earners. Perhaps you're fed up of hearing the word "coronavirus"? Start a "Coronavirus jar" and ask for a donation at every mention.

Health kicks

Set yourself a goal you can achieve at home or in the garden/local park. Motivate yourself through sponsorship to keep going and achieve your exercise goals!

Film night

Host your own film night and charge your housemates or family members to enter the "cinema" room and purchase snacks.
