# Lets Get VIRTUALLY TEAgether

& help families stay together,  
close to their seriously ill  
children in hospital

**A guide to planning your  
virtual TEAgether**

## Why host a virtual 'Lets Get TEAgether'?

Now more than ever it's so important to keep in touch with each other, and what better way than to host a virtual tea party with friends and family and be TEAgether!

With most of us at home, it's important to keep in touch with loved ones, friends and colleagues. So we're asking people to make time each day (or whenever you can) to maintain those all important connections and donate the price of your normal cuppa.

**We would love you to plan your TEAgether in April but getting together virtually can be organised any month of the year!**

**£3**

could pay for tea or coffee for up to 30 families a day.

**£5**

could provide biscuits or nutritious snacks for families to enjoy.

**£10**

could provide arts and craft materials for a family to use and relax.

**£25**

could provide one nights stay for a family

# Who we are and what we do

When a child falls ill, families can find themselves at a specialist hospital far from home. They might need to be there for weeks, months or years; in an unfamiliar city, with unfamiliar faces. Finding a place to sleep, eat and wash becomes another source of anxiety.

Our Ronald McDonald Houses provide families with a free 'home away from home' for as long as they need. Located across the UK, they are just moments away from the children's wards.
