REGULATOR

Ronald McDonald House Charities UK is an independent registered charity in England and Wales (802047) and Scotland (SC040717)

## Sponsorship Opportunities

In 2019, our Golf Day at Coventry Golf Club raised over £18,500 for Ronald McDonald House Charities UK- one of our most successful golf days to date with nearly 100 golfers in attendance. We could not have achieved this without our generous and loyal supporters and guests. Sadly, the following year the global pandemic affected all of us including plans for large gatherings and events. Therefore, we had to make the difficult decision to cancel our 2020 Golf Day.

However, throughout the past year the majority of our Houses have remained open and our families still need us now more than ever. Times are tough and we need to ensure we can care for even more families after the COVID-19 crisis has ended. Your support will enable us to safeguard our future service to families who need our support. Like many charities the pandemic has had a devastating impact on our income so this year's event will help us to generate much needed funds.

All funds raised from the event will go to Ronald McDonald House Charities UK. We provide free 'home away from home' accommodation for families of children receiving care at specialist children's hospitals across the UK. Often, the best medical care for a seriously ill child isn't close to home. On average a family has to travel 99 miles from home to visit their child in Hospital and stay an average of 17 nights. Some of our Birmingham families have been with us since before lockdown.

This year, we're thrilled to be able to welcome you all back to the club to enjoy a day of good company, golf and fundraising. We can't wait to see you out on the course!
