Fundraising Online during COVID-19

Birthday donations

Instead of asking for gifts this year, ask for donations to your collection and send it in. You could also use a JustGiving page to collect donations.

Social media fundraising

Start your own fundraising trend! Take a selfie or start a mini-challenge; make an online donation, share and nominate a friend to do the same and pass it on!

Let's get TEAgether

Whether we are together in person or getting TEAgether virtually, this event is the perfect excuse for a good chat and a cuppa!

Murder Mystery

Host your own online murder mystery evening.

Plank Challenge

Have you taken part in our social media plank challenge yet? Take part

and nominate friends and family to join you, competing for the best time!

Virtual Treasure Hunt

X marks the spot! Virtual treasure hunts can be great fun. Someone acts as the leader, calling out clues of things to find - a spoon, a shoe, a baby photo, etc. Guests are given one minute to scour their homes, and the first person to procure the item in question wins a point.

New Year Party

This year may be different, but that doesn't mean you shouldn't celebrate New Year's Eve without those you love - even if it means virtually. Charge an entry fee to your virtual party and ask for everyone to purchase a "drink" to bring in the New Year!

Zumbathon

Take part or host your own virtual Zumbathon, and ask for donations!
