Become a House Pen friend

Sometimes receiving a letter of goodwishes is all it takes to put a smile on your face

When a family is away from home caring for their child in hospital and not seeing loved ones for a long time, communication is really key to help them stay connected.

How does getting a letter or card from your friends or family make you feel?

Can you put pen to paper and write or draw a message to one of our Houses or families staying with us. It can be about anything you want as long as the things you write about make the person receiving the letter feel happy and loved.

Contact RMHC.contactus@uk.mcd.com to sign up and get writing!
