Hope's story

Your support helps us to keep families near to their child in a hospital far from home, by providing free 'home away from home' accommodation minutes away from their child's bedside.

BB When Hope was born at just 24 weeks she could fit in the palm of my hand. I slept in a chair at the hospital for the first three weeks of Hope's life because there was no other option available to me. Then a room became available at the Ronald McDonald House Camberwell and I stayed there with my family for about six months.

It's a truly amazing charity. The team at the House are a lifeline for somebody to talk to after spending hours each day in a hospital environment. They're always there to help.

As you may imagine, Hope's first few months of life were very intense and she had numerous health issues, one of which was chronic lung disease. This won't change until she's five when lung tissue rejuvenates in every child. The doctors and staff at King's College Hospital are fantastic and gave Hope the very best care and attention, allowing us to move Hope to a hospital nearer home six months later.

However, during those uncertain months, to be given a lovely room with its own bathroom at the Ronald McDonald House allowed my family to function with some semblance of normality at a truly stressful time. In addition to the wonderful staff, the communal kitchen and lounge areas meant that we were able to connect with other families going through a similar time with their children. We remain friends with some of the people we met there.

We were at the Ronald McDonald House over Christmas, when Hope was just a month old. The staff made sure that we were able to celebrate Christmas with our eldest daughter, Faith, with a beautiful tree, presents for everyone and a cheery, festive atmosphere prevailed. Faith was even allowed to help the staff on reception, so she was definitely made to feel part of the Ronald McDonald House Charities "family".

Now, four years later, Hope has overcome her many obstacles and attends nursery with her friends. She's still quite tiny, but certainly makes her opinions known!

I didn't know about the Ronald McDonald House Charities before we needed to use it. It was unquestionably a lifeline for myself and my family. Everybody has a different story in the Camberwell House and everybody tries to help each other.

I don't believe I will ever be able to repay the House for what it has given us, but I am a huge champion of the Charity and do whatever I can to show my appreciation of their dedication to families like mine – whether that is by donating items to the House, or fundraising. My aim is to raise £2,000-£3,000 per year and I'm happy to say that this target is always "smashed". I had a lot of friends and acquaintances friends who didn't know about the Ronald McDonald House Charities before... well, they do now!

Message from Jon Haward, Executive Director, Ronald McDonald House Charities UK

Hello,

Thank you for your interest our current vacancy with Ronald McDonald House Charities UK (RMHC UK). Keeping families close is at the heart of everything we do; we build and run Houses that provide a 'home away from home' for families who have a sick child in hospital. To do this, we recognise the importance of having strong support in our House team. This is a diverse and highly rewarding role; you will ensure the highest standards of safety and hospitality to families and visitors and the day-to-day practices that give rise to the smooth running of the House.

This is an exciting time for the Charity as we recently opened our 25 bedroom House in the Royal Hospital for Children and Young People in Edinburgh.

Working with your House team and reporting to your Deputy House Manager, you will strive to create a safe and welcoming environment for our families to stay at such difficult times. This may be through cleaning, auditing, hosting a fun event for siblings or simply being a friendly face for someone to talk to. The right candidate will be a motivated and tenacious individual who is proactive and can plan and prioritise work effectively.

The Job Description and Person Specification will tell you about the role itself and detail the kind of person we are looking for. Our website (www.rmhc.org.uk) will tell you more about the great work we do and the difference we make to the lives of families with sick children.

If this opportunity excites you and RMHC UK is something you can wholeheartedly support, then I very much look forward to hearing from you.

Yours sincerely,

Jon Haward
Executive Director
Ronald McDonald House Charities UK

RMHC UK: Who are we?

Our History

Ronald McDonald House Charities was born out of the unlikely partnership of Dr Audrey Evans, an oncologist at the Children's Hospital of Philadelphia, McDonald's and the American Football team, the Philadelphia Eagles.

A player for the Philadelphia Eagles had a daughter suffering from leukaemia, which prompted the team to raise in excess of \$100,000 dollars to support the hospital. Dr Evans and her team were extremely grateful and shared her need for another \$32,000 to fund the build of a house where families of the children in the hospital could get proper rest, away from the ward.

McDonald's were using the Eagles players as part of an advertising campaign and offered to donate the proceeds from sales of their 'shamrock shake' to help build the House. They asked that the House be known as the Ronald McDonald House, and on 15 October 1974, the first Ronald McDonald House opened its doors in Philadelphia, USA. From this date, Ronald McDonald House Charities has spread across the world, forming new and independent branches in over 50 regions and countries.

In the UK, Ronald McDonald House Charities was established as an independent charity in 1989. Our Houses not only provide families with accommodation, but with a space where they can rest, cook and take time out from the hospital, so they can continue to stay strong for their child. Children that require specialist medical care often have to travel long distances to receive treatment. Our Houses are located next to specialist children's hospitals, and we have 12 Ronald McDonald Houses in the UK.

 Camberwell King's College Hospital London	 Tooting St George's Hospital London	 Moorfields Moorfields Eye Hospital	 Oxford Oxford Children's Hospital

 Manchester Royal Manchester Children's Hospital and St Mary's Neonatal Unit	 Southampton Southampton Royal Children's Hospital and Princess Anne Hospital	 Evelina London Evelina London Children's Hospital	 Edinburgh Royal Hospital for Children and Young People

RMHC UK: Who are we?

We help families stay close to their children in hospital by providing free accommodation in our homely and welcoming Ronald McDonald Houses.

In an average year, we support over 6,000 families, providing a safe and supportive environment right by the children's hospital. We save families more than £1,800 in out of pocket accommodation expenses.

The best medical care for children isn't always close to home. Families often find themselves travelling long distances to get to their child's hospital. In 2020, on average families lived more than 70 miles from the hospital their child was in.

A Ronald McDonald House is more than just a place to stay. We run free activities and events to entertain siblings and bring families together. We are there for them during difficult times and we are there to celebrate important milestones.

We believe that families together are stronger. And getting adequate sleep, food and time away from the ward, allows parents to fully participate in their child's medical journey. Families can stay for as long as their child is in hospital.

McDonald's

One of our founding organisations, McDonald's has supported the Charity in the UK since the very beginning, in 1989. They display collection boxes in restaurants, hold fundraising days and do so much more.
