Keeping families close™

## Sponsorship Opportunities

In 2021, our Golf Day at Manchester Golf Club raised over £21,000 for Ronald McDonald House Charities UK- one of our most successful golf days to date! We could not have achieved this without our generous and loyal supporters and guests.

All funds raised from the event will go to Ronald McDonald House Charities UK. We provide free 'home away from home' accommodation for families of children receiving care at specialist children's hospitals across the UK. Often, the best medical care for a seriously ill child isn't close to home. On average a family staying in the Manchester House has to travel 50 miles from home to visit their child in Hospital and stay an average of 29 nights.

This year, we're thrilled to be able to welcome you all back to the club to enjoy a day of good company, golf and fundraising.

**We can't wait to see you out on the course!**
